## Division - On a Place Value Chart Part 1 <br> Word Problems (4 digit by 1 digit) <br> (4.NBT.B.5, 4.0A.A.2)

Directions: Solve the following word problems. Show your work using numbers, pictures (Place Value Chart), and words. © (1) Jack collects stickers of monkeys playing the banjo. So far he has $\mathbf{1 , 2 1 6}$. He keeps them in 4 banana boxes. If he has the same number of stickers in each box, what is the total number of stickers in each box?

| Numbers | Pictures |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- |
|  | Thousands | Hundreds | Tens | Ones |  |
|  |  |  |  |  |  |
